NCEA Level 3 (Excellence endorsed)

Wainuiomata High School

2014 - 2016

- 2016: Awarded Dux
- 2014-15: Top student in year group

PERSONAL PROJECTS

Personal Website

Learnt how to build a personal website using **React** and the Semantic UI React component library. Dependencies were managed using **Node**. **Sass** was used for **CSS** pre-processing, **Gulp** was used for task automation including **SCSS** to **CSS** compilation. The website is hosted on GitHub pages and is mobile-friendly.

PERSONAL STATEMENT

A Software Engineering student ready to quickly adapt to new challenges and eager to learn new skills. My eventual career goal is to become a full-stack software engineer developing web and/or mobile applications in a collaborative organisation.

SKILLS

I am confident with:

Java C#/.NET Bash SQL
HTML + CSS Git

I have experience with:

React.js Node.js Terraform AWS

VOLUNTEERING

Summer of Tech
Manning the summer of tech stall at career fairs. Sharing my experience with other students.

UoA Volunteers Club
Helped out in events such as the Auckland Rescue Helicopter trust open-day.

ACTIVITIES AND CLUBS

UoA Robot Soccer
Competed in the 2018 UoA Robot Soccer Tournament

APSS
Participated in the 2018 Auckland Program for Space Systems
